The Nature of Being Human
From Environmentalism to Consciousness
Harold Fromm

“Fromm delineates three main movements in the naturalistic thinking of the past several decades—ecology, Darwinism, and consciousness studies. He brings a fine and subtle literary intelligence to bear on these subjects, brilliantly illuminating their imaginative implications. His prose is vibrant, vigorous, pithy, and often humorous.”

The Hidden Adult
Defining Children’s Literature
Perry Nodelman

What exactly is a children’s book? How is children’s literature defined as a genre? A leading scholar presents close readings of six classic stories to answer these questions and offer a clear definition of children’s writing as a distinct literary form. A focused and sophisticated analysis of children’s literature and a major contribution to the theory and criticism of the genre.

Estrangement and the Somatics of Literature
Tolstoy, Shklovsky, Brecht
Douglas Robinson
Drawing together the estrangement theories of Viktor Shklovsky and Bertolt Brecht with Leo Tolstoy’s theory of infection, Robinson studies the ways in which shared evaluative affect regulates both literary familiarity—convention and tradition—and modern strategies of alienation, depersonalization, and malaise.

**Virginia Woolf**

*An MFS Reader*

*edited by Maren Linett*

As the most canonical woman writer of modern English literature, Virginia Woolf has become central to our conceptions of literature, modernist theory, the arts, feminism, and social analysis. The interdisciplinary examinations in this anthology explore Woolf’s major novels, her key essays, and the literary tropes that unify her writings.

The Eve of Spain
Myths of Origins in the History of Christian, Muslim, and Jewish Conflict
Patricia E. Grieve

The Eve of Spain demonstrates how the telling and retelling of Spain’s founding myth played a central role in the formation of that country’s national identity. Grieve traces the evolution of this story from the Middle Ages into the modern era, as shifts in religious tolerance and cultural acceptance influenced its telling.

The Theban Plays
Oedipus the King, Oedipus at Colonus, Antigone
Sophocles
translated, with notes and an introduction, by Ruth Fainlight and Robert J. Littman

Chronicling the downfall of Oedipus, the legendary king of Thebes, and his descendants, the Theban Plays are as relevant to present thought about love, duty, patriotism, family, and war as when they were written 2,500 years ago. In combining the skills of a distinguished poet and a classical scholar, this new edition of the Theban Plays is both a major work of poetry and a faithful translation of the original works. Thoughtful introductions, extensive notes, and glossaries frame each of the plays within their historical contexts and illuminate important themes, mythological roots, and previous interpretations.
