Leo Strauss
An Introduction to His Thought and Intellectual Legacy
Thomas L. Pangle
This book is the first accurate, non-polemical, comprehensive guide to Strauss’s mature political philosophy and its intellectual influence. It includes a synoptic critical survey of writings from scholars who have extended Strauss’s influence into the more practical, sub-philosophic fields of social and political science and commentary. Pangle shows how these analysts have in effect imported Straussian impulses into a “new” kind of political and social science.

The Paradox of Democratic Capitalism
Politics and Economics in American Thought
David F. Prindle
Tracing the rise of natural law doctrine from neoclassical economics, David F. Prindle examines the interplay of ideas about politics, economics, and law in American society from the pre-revolutionary era to the eve of the September 11 attacks. He argues that while the United States was founded on liberalism, there is constant tension between two ideals of the liberal tradition: capitalism and democracy.

0-8018-8411-X $49.95 hardcover

Constitutional Democracy
Creating and Maintaining a Just Political Order
Walter F. Murphy
In this engaging and provocative work, Walter F. Murphy combines a lifetime’s study of constitutions and democracy with traditional storytelling to answer fundamental questions about constitutional democracy: How is it created? How is it maintained? How can it be adapted to changing circumstances?

2006 560 pp.
0-8018-8470-5 $55.00 hardcover

Plato and the Virtue of Courage
Linda R. Rabieh
Linda R. Rabieh examines Plato’s two main thematic discussions of courage, in the Laches and the Republic, and discovers that the two dialogues together yield a coherent, unified treatment of courage that explores a variety of vexing questions: Can courage be separated from justice, so that one can act courageously while advancing an unjust cause? Can courage be legitimately called a virtue? What role does wisdom play in courage? What role does courage play in wisdom?

0-8018-8469-1 $45.00 hardcover
Pluralism and Liberal Democracy
Richard E. Flathman

One of the country’s most distinguished political theorists turns to the task of how best to explain, justify, and encourage the concept, practice, and institutionalization of pluralism. By examining and analyzing the accounts and explanations of four philosophers—William James, Hannah Arendt, Stuart Hampshire, and Michael Oakeshott—Richard E. Flathman augments the theories of pluralism most familiar to students and scholars of politics and political theory.

2005 232 pp. 0-8018-8215-X $40.00 hardcover

Originalism in American Law and Politics
A Constitutional History
Johnathan O’Neill

Refuting the contention that originalism is a recent concoction of political conservatives like Robert Bork, Johnathan O’Neill asserts that recent appeals to the origin of the Constitution in Supreme Court decisions and commentary, especially by Justices Antonin Scalia and Clarence Thomas, continue an established pattern in American history.

2005 296 pp. 0-8018-8111-0 $55.00 hardcover

Beyond the First Amendment
The Politics of Free Speech and Pluralism
Samuel P. Nelson

Political theorist Samuel P. Nelson argues that the law of the First Amendment has supplanted the vital politics of free speech. After considering three philosophies commonly used to justify speech protection, Nelson pushes the debate beyond constitutional and legal questions by advocating an approach grounded in value pluralism.

2005 240 pp. 0-8018-8173-0 $50.00 hardcover

Freedom Reclaimed
Rediscovering the American Vision
John E. Schwarz

“First-rate, sound, and convincing defense of expansive freedom and active government against the currently dominant “free market” version.” —Choice

2005 264 pp. 0-8018-7981-7 $30.00 hardcover
The Limits of Rawlsian Justice
Roberto Alejandro
“In this well-written examination, Alejandro weaves Rawls's writings after A Theory of Justice into a clear and provocative account of Rawls's view of justice.” —Choice
0-8018-6883-1 $25.00 paperback

The Amendments to the Constitution
A Commentary
George Anastaplo
“Provocative, engaging, and not an inappropriate introduction to George Anastaplo. Discourse on the 'right of revolution,' it turns out, was precisely what got him into trouble with the Illinois bar 45 years ago. He remains important as much for what he has written since as for what he did then.” —Law and Politics Book Review
0-8018-4960-8 $25.00 paperback

The Constitution of 1787
A Commentary
George Anastaplo
“Those desiring to engage in the enterprise of ‘thinking about the Constitution’ in the company of a resourceful and knowledgeable guide will find this book quite interesting and enjoyable.” —Journal of American History
0-8018-3606-9 $25.00 paperback

The Communitarian Constitution
Beau Breslin
“A significant contribution to the literature on constitutional theory.” —Law and Politics Book Review
0-8018-8538-8 $25.00 paperback

Israel and the Politics of Jewish Identity
The Secular-Religious Impasse
Asher Cohen and Bernard Susser
“Mandatory reading for anyone interested in Israeli society, which excellently exemplifies the relationship between the two leading forces in human history, politics and religion.” —American Political Science Review
0-8018-6345-7 $44.00 hardcover

Public Integrity
J. Patrick Dobel
“In Dobel’s book the outlines of public integrity come into view. We see the extent to which integrity remains compatible with inconsistencies over personal history and social geography, the ways in which it can abide both pluralism and pragmatism.” —American Political Science Review

Bureaucracy in a Democratic State
A Governance Perspective
Kenneth J. Meier and Laurence J. O’Toole Jr.

Kenneth J. Meier and Laurence J. O’Toole Jr. present a timely analysis of working democracy, arguing that bureaucracy—often considered antithetical to fundamental democratic principles—can actually promote democracy.

Madison’s Managers
Public Administration and the Constitution
Anthony M. Bertelli and Laurence E. Lynn Jr.

Combining insights from traditional thought and practice and from contemporary political analysis, Madison’s Managers presents a constitutional theory of public administration in the United States. Anthony Michael Bertelli and Laurence E. Lynn Jr. contend that managerial responsibility in American government depends on official respect for the separation of powers and a commitment to judgment, balance, rationality, and accountability in managerial practice.

America, Islam, and the Future of Europe
Zachary Shore
Zachary Shore asserts that the growing ambivalence of Europe’s Muslims poses risks to national identities, international security, and the transatlantic alliance. Through in-depth interviews with Muslims living across the European Union, he gives voice to people of deep faith who speak of the conflict between their desire to integrate into their adopted societies and the repulsion they feel toward some of what the West represents.

How “American” Is Globalization?
William H. Marling
William Marling’s provocative work analyzes the impacts of American technology and culture on foreign societies. Deconstructing the myth of global Americanization, he argues that despite the typically American belief that the United States dominates foreign countries, the practical effects of “Americanization” amount to less than one might suppose.

Democracy and Elections in Africa
Staffan I. Lindberg

This volume studies elections as a core institution of liberal democracy in the context of newly democratizing countries. Political scientist Staffan I. Lindberg gathers data from every nationally contested election in Africa from 1989 to 2003, covering 232 elections in 44 countries. He argues that democratizing nations learn to become democratic through repeated democratic behavior, even if their elections are often flawed.

Rethinking the Economics of War
The Intersection of Need, Creed, and Greed
edited by Cynthia J. Arnson and I. William Zartman

This collection of essays responds to current works asserting that the income from natural resources is the end and not just a means for warring rebel groups. The study puts greed in its place and restores the importance of deprivation and discrimination as the primary causes of armed conflict within states. Countries studied include Lebanon, Sierra Leone, Angola, the Republic of the Congo, Colombia, and Afghanistan.
