BOOKS ON

TRAINS RAILROADS

A RAILROAD ATLAS OF THE UNITED STATES IN 1946

Volume 5: Iowa and Minnesota

Richard C. Carpenter

"Carpenter's idiosyncratic freehand style might surprise some, but the technique is highly effective in conveying layers of detail, almost like storytelling with a map. And don't miss Carpenter's penetrating, highly readable essay at the front of the book, in which he provides the necessary context for fully understanding what was, for the purposes of this book, a very good year for railroads." —*Trains*

2013 232 pp., 170 color maps
978-1-4214-1035-7 **\$52.50** (reg. \$70.00) hc

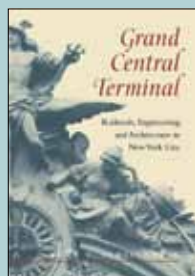

Volume 4: Illinois, Wisconsin, and Upper Michigan
