I recommend that our library subscribe to the following journal:

Literature and Medicine

The Official Publication of the Institute for the Medical Humanities

Executive Editor: Catherine Belling, *Northwestern University*.

ISSN: 0278-9671 / E-ISSN: 1080-6571. Published twice a year. Co-sponsored by the Institute for the Medical Humanities at the University of Texas Medical Branch at Galveston and the Program in Medical Humanities and Bioethics at the Northwestern University Feinberg School of Medicine.

Please visit www.press.jhu.edu/journals for more information.

Important uses of *Literature and Medicine* would include:

- REFERENCE:** For current research articles as I find them through citations in related journals or books.
- STUDENT READING:** I plan to scan the contents of new issues regularly to add to my students' reading lists.
- PUBLICATION OUTLET:** My current research requires a publication outlet in this area. I need this journal to keep up to date with its editorial direction and interests.
- PREDICTED BENEFIT FOR LIBRARY:** My evaluation of this journal's content and direction is very high and it is cited and/or indexed heavily. Including this journal in our library will, in my assessment, add to the library's success in fulfilling overall department, faculty, and student needs.
- PERSONAL AFFILIATION & DISSEMINATION:** I regularly receive my own personal copy of the journal and will be recommending articles on a regular basis to students and colleagues. The library's help in providing this material is most appreciated.
