Online Supplement

How Ordinary People Make Aid Work is supported by an online supplement that provides figures and tables referenced in the Appendix, as well as color versions of the images in the book. The additional materials for this book can be found by visiting the specific book page on press.jhu.edu.

Appendix

Three figures and thirty tables comprise the appendix.

Appendix figure and table lists are provided on pages xiii-xvi.

Color Figures

The full collection of interior figures as generated by the author is available in color. Figure list is provided on page ix.
